

GEORGIA TRAUMA CENTER STARTUP GRANT

QUESTION AND ANSWER

	QUESTIONS	ANSWERS
1	Do we need to submit a pre-application consultation notice from OEMS/T?	Yes.
2	Do we submit the letter from the region EMS council?	Yes.
3	How should we do the project narrative, as it asks for a statement of need describing how the funds will be used to meet the state requirements and for assessment of barriers, as a designated center?	Explain how the funds will be used to establish a trauma center in accordance with the guidelines of the state. Identify what has been or could be at issue by not being a designated center.
4	Would we do the project objectives, evaluation plan, sustainability plan, budget plan, and budget justification?	Yes.
5	If we have to do these, then how should we address these areas as a designated center?	You should address each of the requirements as outlined in the RFGA according to the designation level for which you are applying.
6	What is the area "evidence of return on investment" and how is it addressed?	A plan on the proposed impact on the community and how the center will continue to thrive.
7	In the business associate agreement, what is the contract number? And what date do we enter?	The contract number and effective date should be left blank.
8	Should we include a copy of the designation letter?	Yes.
