Andrea,

Please distribute this message to all DCH employees, including Public Health and DCH Classic. The federal deadline for compliance (completion of training) is Feb. 17. Thank you.

**TO ALL DCH EMPLOYEES:**

It is most important for DCH compliance with HIPAA and the HITECH Act of 2009 that **all members of the DCH "workforce" complete online training in privacy and security in February 2010.** "Workforce" includes all DCH employees, whether fulltime or part-time, volunteers and interns who may handle individually identifying health information. It does not include contractors. Anyone who has had privacy training before should go through the course again, unless they completed it in the past 60 days. When the training is completed, each person should sign the one page statement about the training that is linked to the course (and attached, above) and send it to Ruth Carr (address below) for our compliance documentation.

The link for the online course is below. The initial technical problems with it have been resolved. Installation of the online courses was by Donna Dunn, State Training and Distance Learning Coordinator, DCH Division of Emergency Preparedness and Response. She asks that any technical difficulties and requests for help be emailed to [sabalmshelp@dhr.state.ga.us](mailto:sabalmshelp@dhr.state.ga.us).

**Password:** welcome (in lower case letters)

Thanks to everyone for your support with DCH compliance!
