Sumter, South Carolina

The logo for Sumter Regional Hospital (SRH) features the letters 'SRH' in a bold, red, cursive script. The letters are set against a white circular background that is partially enclosed by a thick, grey, hand-drawn style brushstroke.

On the evening of March 1, 2007 a category F3 tornado swept through Sumter County, Georgia and affected many patient care providers. Sumter Regional Hospital took a direct hit from the tornado and was destroyed. Currently Sumter Regional is in the process of constructing an interim hospital, Sumter Regional Hospital East.
