

H1N1 Influenza Vaccine Provider Locator

- We advise you to contact your family doctor's office or health care provider in advance to confirm the vaccine is available before making an appointment.
- The health care providers listed have all agreed to provide H1N1 vaccines as it becomes available and to be included in this listing.
- Health care providers receive their vaccine supply directly from the CDC's distributor, McKesson.
- Small amounts of the H1N1 vaccine are being allocated by the CDC at this time. Additional supply is anticipated over the next weeks and months.
- Some additional providers and doctor's offices who have agreed to provide vaccine have chosen not to be listed at this time.
- Participating county health departments will also receive vaccine supply and are included in this search tool listing.

In addition to the providers listed in the Locator, vaccine may also be available at the following locations:

Local Public Health Clinics ([click here](#)), CVS, CVS Minute Clinics, Ingles Pharmacies, Kmart Pharmacies, Kroger Pharmacies, Publix Pharmacies, Rite Aid , Target, Take Care Health Clinics (Walgreens), Walgreens, Wal-Mart, Winn-Dixie Pharmacies
